

V600H LINEAR CRUSHER

**SO VERSATILE,
WE'RE CRUSHING THE COMPETITION.**

We offer the right tool to use at the right time. Proven in the field to outperform—even in the most geologically challenging environments. One machine can do it all: crush, reclaim, stabilize.

AGILE

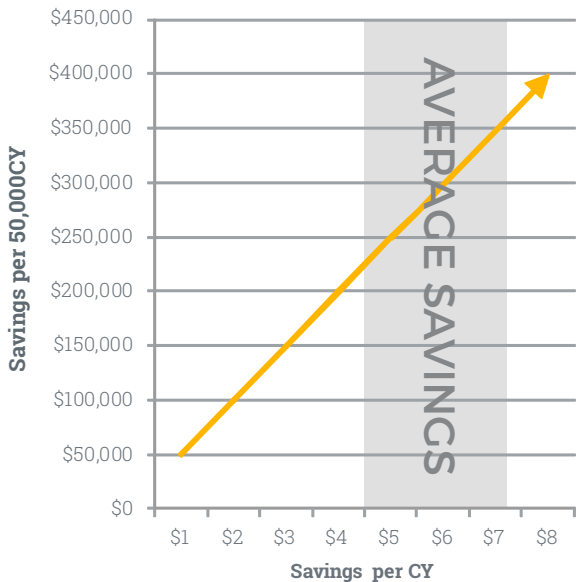

SUSTAINABLE

A NEW ERA OF ROAD WARRIORS

The V600H Linear Crusher has Revolutionized Rural Road Building. It turns the work of a 4 man crew into the results of a 9 man crew, increasing productivity over 200% . The V600H utilizes onsite resources and eliminates excessive hauling fees.

INSTANT SAVINGS

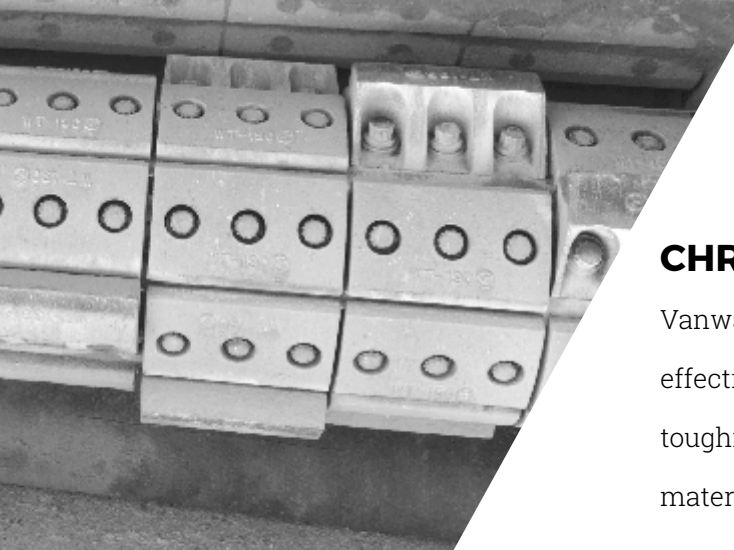

100% ROI in as little as 1 year!

“This is absolutely the most cost effective way to get usable, maintainable material back on the road, and provides a perfect opportunity to correct deficiencies such as drainage and clear - zones at the same time.”

Lou Miller, Engineer Technician
Ferry County Public Works
